

## *Public Meetings Scheduled on Proposed Plan for Remediation of Contaminated Soil and Groundwater at INTEC*

*Comment  
period  
extended!*

The U.S.  
Department of Energy,  
U.S. Environmental Protection  
Agency and Idaho Department of  
Environmental Quality have released a  
proposed plan to remediate contam-  
inated soil at the Idaho Nuclear  
Technology and Engineering Center's  
tank farm and INTEC contaminated  
groundwater. INTEC is located in the  
south-central portion of the DOE's Idaho  
National Laboratory site.

Public meetings are scheduled for Aug.

29 in Idaho Falls (Shilo Inn) and Aug. 30  
in Twin Falls (College of Southern Idaho  
Taylor Student Union Building). Agency  
and project representatives will be  
available during an open house at both  
locations from 6 to 8 p.m. for informal  
discussion. A court reporter will be  
present to record public comments.

Citizens may request copies of the  
proposed plan or a briefing with the  
project managers by calling the INL's toll-  
free number at (800) 708-2680. The plan  
is also available on the Internet at  
<http://www.idahocleanupproject.com> or  
<http://ar.inel.gov/home.html>. **The  
comment period has been extended by  
30 days and will now end on Oct. 21.**

Additional information is available in the  
Administrative Record file for Operable  
Unit 3-14. The Administrative Record is  
located at the DOE Reading Room of the  
INL Technical Library in Idaho Falls. A  
copy can be found at the Albertsons  
Library at the Boise State University  
Campus. The Administrative  
Record can be accessed on  
the Internet at  
<http://ar.inel.gov/home.html>.
