

## **Comment Period Extended**

### **on the Proposed Plan for Pit 9**

The U.S. Department of Energy (DOE), the U.S. Environmental Protection Agency (EPA), and the Idaho Department of Health and Welfare announce the extension of the public comment period by 30 days on the Proposed Plan for a Cleanup of Pit 9 at the Radioactive Waste Management Complex, Idaho National Engineering Laboratory. The comment period was extended as a result of written comments received on Pit 9. The original comment period was scheduled to end on Jan. 12, 1992. The agencies have extended the comment period by 30 days in accordance with the National Contingency Plan contained in 40 CFR Part 300.430(f).

### **Extended Comment Period**

The comment period will now end Feb. 11, 1992.

### **Additional Opportunities**

The 30 day comment period extension allows additional opportunities for interested citizens and groups to request technical briefings by the DOE. To request a technical briefing or a copy of the proposed plan, call the Community Relations Plan Coordinator at (208) 526-6864 or INEL Outreach offices in Pocatello, Twin Falls, and Boise. Citizens may also call the Idaho Department of Health and Welfare at (208) 334-5879, or the EPA Region 10 office in Seattle at (206) 553-7261 for additional information.

### **Administrative Record**

The Administrative Record File for Pit 9 is located at the INEL Technical Library in Idaho Falls. Copies of the record and other information are located in the INEL information repository sections of the public libraries in Idaho Falls, Pocatello, Twin Falls, Boise and Moscow.

### **Send Comments To:**

The agencies encourage citizens to take advantage of the 30 day extension period by submitting written comments on the Proposed Plan for Pit 9 to:
