Call From: J. Tucker

Call To: Dick Meservey, EG&G Idaho, 208-526-1834

Subject: BORAX-I

Summary of Discussion:

BORAX-I is not part of D&D program anymore because it is a "Burial Site."

Dick remembers films on the last excursion; after excursion they picked up debris; bulldozed everything into the excavation.

Subsidence was noted several years ago, which was subsequently filled in.

Soil was brought in from some borrow area, but doesn't know where.

Argonne people were used to do the burial.

He will look around and call if he finds anything.
