FAST Status Update

INTERFUEL / FedFleet Meeting

Idaho National Laboratory
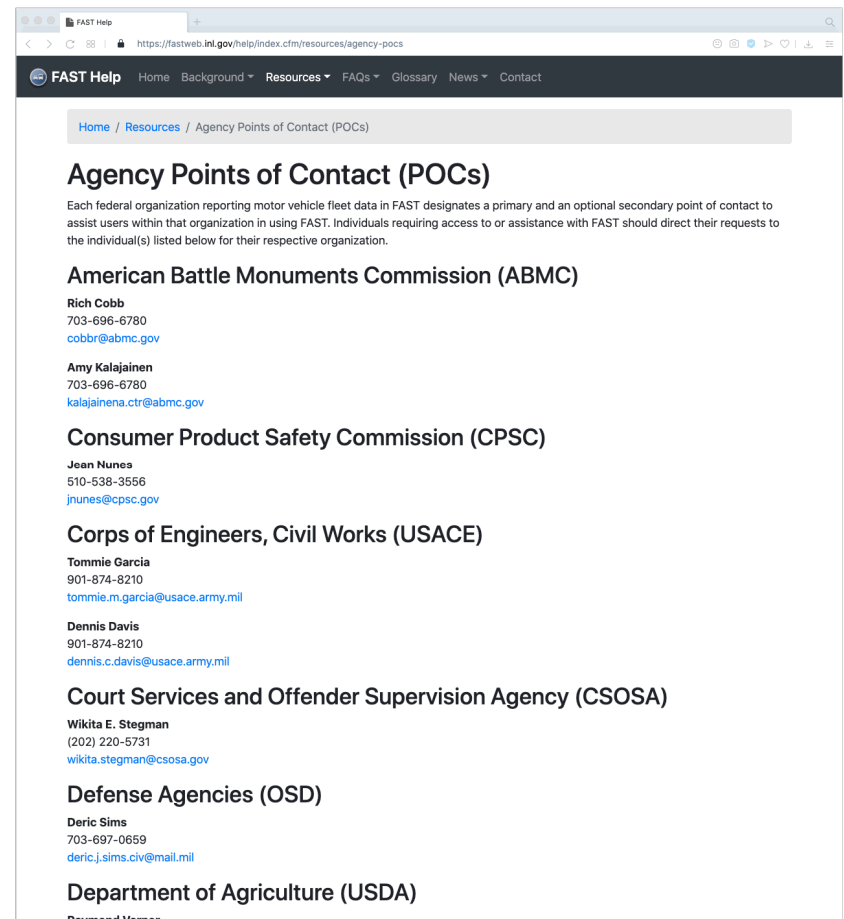

FAST: Current Status

- **FAST returned to normal availability October 8**

- **FAST Sandbox returned to availability November 5**

- **Work during outage caused several tasks to be deferred**
  - Overhaul of VLD reference documents
  - VLD export
  - Query tool updates

- **Changes to user management from updated security policies**
  - User accounts <u>inactivated</u> after 150 days w/o access
  - … <u>retired</u> after one year w/o access

FAST: Data Collection Activities

- **FY 2020 primary fleet data call**
  - Began October 8 with FAST's return to availability
  - Agencies to complete submissions by December 15
  - Similar review & feedback process as prior year
    - *Recommendation: review significant issues noted in FY 2019 cycle as part of preparing and reviewing your FY 2020 submission*

- **FY 2020 fueling center & EVSE inventory reporting**
  - Similar data, new process for submitting this year
  - Single submission covering both fueling centers and EVSE
  - Single submission per agency
  - Due November 16

FAST: Program Points of Contact

- **FAST users should always start with their designated agency POC(s)**

  - List of POCs is maintained by each agency

  - Available from FAST sign-in page and in FAST Help
